Dear **(University/School)：**

On behalf of Harbin Institute of Technology, we would like to invite a student team of your university to HITCTF2020-International Invitational Competition in Cybersecurity, held on December 4-6, 2020.

The security situation in cyberspace is constantly changing, and college students are an important part of defending cyberspace security in the future. This competition is held according to the international rules of Capture the Flag(CTF). Through this competition, teams can acquire demonstrate skills of computer science and improve their knowledge and practical skills of cybersecurity, and motivate their innovation and soft skills. Furthermore, it is an opportunity to promote the cooperation between universities as well. Aiming to share the knowledge and skills of cybersecurity, the First HITCTF was held in 2016, and this year is the fifth year of this competition. We hope it could build a bridge of cooperation in many aspects between universities.

HITCTF2020 will be held on December 4-6, 2020. This year, the competition is cosponsored by the Cyberspace Security School of HIT, Harbin Antiy Technology Group Co., Ltd. and DBAPPSecurity Co., Ltd.. Besides, this competition is co-organized by the Computer Network and Information Security Technology Research Center of HIT and the Lilac CTF Association of HIT.

This CTF competition is an invitational competition with online registration and online problem-solving mode. Each invited university selects a team with maximum 5 people (1 instructor and 4 students).

The HITCTF2020 Organizing Committee sincerely invites you to participate in HITCTF2020 with your passion for network security!

School of Cyberspace Security, Harbin Institute of Technology

2020-10

HIT "Antiy Cup" Cybersecurity International Invitational Competition

HITCTF2020 Supplement

Ⅰ．Organization

Organizer:　School of Cyberspace Security of HIT

Harbin Antiy Technology Group Co., Ltd.

DBAPPSecurity Co., Ltd.

Co-organizer:　Lilac CTF Association of HIT

Heilongjiang Network Security Technology University Association

Ⅱ．Schedule

14th-28th November: Online registration;

4th December: Platform Orientation;

2pm on 5th December to 2pm on 6th December: Online Competition (A 24-hour Event);

3pm to 5.30pm on 6th December: Online technical review and awards.

Ⅲ．Competition rules

The competition adopts the online problem-solving mode, using the online competition platform provided by the organizing committee. And each team participates online through Internet. Through solving the problem, Teams get scored by submitting correct flags.

The score of each challenge will be dynamically calculated according to the number of solved teams.

Final ranking is determined by the total score and solving time of each team.

The question types are mainly in the form of Web, PWN, reverse, password, MISC, etc.

IV．Prize

The first place (champion) will be awarded with a bonus of 10,000 Yuan (or equivalent prize) and a certificate of honor.

The 2nd place will be awarded with a bonus of 8,000 Yuan (or equivalent prize), and a certificate of honor.

The 3rd place will be awarded with a bonus of 5,000 Yuan (or equivalent prize) and a certificate of honor.

Besides, from the 4th team to 8th team will be awarded with a bonus of 3000 (or equivalent prize), totaling 15000.

All participating team members are awarded a certificate of honor.
